AuspiciuM - Latin auspiciuM, bird divination, auspices, from auspex , auspici-, bird augur; see awi- in Indo-European roots is a type of omen

Modern application of the term **AuspiciuM**

In the vocational education sector, auspicing is where a registered training organisation enters a partnership arrangement with another organisation that

undertakes training or assessment on their behalf. The original training organisation is still responsible for the quality of that training and assessment.
